

WEST COAST KIDS
CANCER FOUNDATION

Board Director (Volunteer)

GOVERN | SUPPORT | TAKE ACTION | ENVISION | MAKE A DIFFERENCE

About us:

West Coast Kids Cancer Foundation (WCK) exists to provide timely, practical support to respond to the needs of B.C. kids and their families, easing their way as they navigate childhood cancer and blood disorders. WCK is an ambitious, young, non-profit organization committed to challenging the status quo of support for our families.

About you:

You're someone who knows how to turn vision into impact. Maybe you've built strong partnerships, rallied communities around a cause, or led creative fundraising efforts that truly moved the needle. You understand that sustainable growth comes from both strategy and heart – and you're ready to bring both to the table - in other words, you'll help us drive revenue generation through experience, connections and drive.

About this role:

At WCK, we believe every family navigating childhood cancer or a blood disorder deserves timely, practical, and compassionate support. As a Director on our Board, you'll help us grow that impact – building diverse and lasting revenue streams, strengthening relationships, and inspiring others to join our mission.

We're looking for a strategic, imaginative, and community-minded leader with an entrepreneurial spark and a genuine passion for helping families through their toughest days. You'll help shape WCK's next chapter, championing new ideas and opening doors that make a tangible difference across B.C.

You'll join a forward-thinking Board that works in close partnership with staff leadership that blends ambition with deep compassion.

As a valued member of the Board, you will:

- Work as a cohesive and collaborative board member for the benefit of the families supported by WCK.
- Serve as an ambassador of WCK to support the purpose and mission of the organization in your personal and corporate connections, including meaningful participation at WCK fundraising events and initiatives.
- Work in partnership with the Board and Executive Director to identify and connect with potential supporters.
- Support the development of meaningful partnerships with stakeholders and communities that WCK serves.

- Support the mission of WCK through personal financial investment to the best level of your ability.
- Prepare for and attend Board meetings, Board-related functions, Annual General Meetings and Extraordinary Meetings.
- Positively represent WCK in the community, within WCK, and to your colleagues.
- Assist in establishing Board policies and guidelines.

What you bring to the role:

- A strong personal commitment to making positive changes for families dealing with childhood cancer or blood disorders
- Strong ability to support donor cultivation activities as well as donor recognition and gratitude.
- Understanding of organizational development, governance, and strategic growth.
- High level of self-motivation and willingness to learn and participate
- Excellent interpersonal and communication skills
- Experience contributing to long-range organizational planning, including financial sustainability and resource alignment
- A collaborative mindset and willingness to take initiative within a dynamic and growing organization
- Strong time-management skills and the ability to commit the time required to fulfill Board responsibilities
- Previous Board or Committee experience is preferred

Role Details:

- Board terms are two (2) years in length, which may be extended for an additional two (2) terms, up to a maximum of six (6) years in total.
- The Board meets a minimum of six (6) times per year.
- As a Board member, you will also serve as a member of at least one specialized area of interest which, generally, meets on alternate months to the Board meetings.

To Apply:

We want to hear from you! To apply for this WCK Board Director role, please send a letter of interest and resume to Sharon Bulger, Board Chair, at sharon.bulger@wckfoundation.ca

West Coast Kids Cancer Foundation is committed to equality, diversity and a welcoming and inclusive workplace. Together, we're building something special – a future where all families facing childhood cancer feel seen, supported, and never alone.
